

## Meet a member of the team - this week it's Mr Cascarini!

Hi, my name is Mr Cascarini. I love to collect pasta and have over 150 shapes. At Christmas I put a pasta angel on the tree. I am a keen cyclist and last year I cycled across the county in 1 day! I love reading and I am trying to learn to speak Italian fluently!

## Learning Through Play

Date

**Nov 14, 2025**

Literacy

*We have been looking at the story and the different parts, we thought about what the opening, build up, problem and ending of the story is and used key vocabulary to help us verbalise the story in order. We even started to add our own fun details!*

Kinetic letters

*We have been learning to write letters from the "Abracadabra Family". These letters pull around form the scared monkey tree (Skip) and push along the ground. For example d, c, o and a. Our letters are beginning to form great shapes!*

## Maths

*We have been looking at the numbers 4 and 5. How do we know it is 4 or 5 and how it doesn't matter what it looks like, it will still add up to that total.*

## Child Led

*We have been learning about Remembrance Day. We coloured pictures of poppies, we created 2 large poppies using sugar paper. We created small poppies using sugar paper. We held a minute silence in class. For Welly Wednesday we created fireworks and bonfires using leaves.*

## Key Dates for week beginning 17.11.25

Tuesday 18th at 2pm

Tuesday 18th

Open Day

Catch up photos

## How can you help?

**Please could you find as many different ways of making the numbers 4 and 5. Can you spot the numbers or can you count this amount in objects. Log all home learning in the NEW red books - they are very exciting.**

**Other than that enjoy sharing a book, being inside or cuddling up under a blanket as the weather turns colder.**

**Mr Cascarini's past angel!**
