Willow Class

## WHAT WE'RE LEARNING

### Phonics

We have been re-capping our sounds this week in phonics and practising our blending skills. We are working on segmenting sounds to write words.

### English

Our focus text is "The Christmas Department Store". We have been using our imagination for what presents might be in the imaginary room.

### Maths

We have been looking at capacity this week. How much an item weighs and addressing the misconception of big objects are not always the heaviest.

### Child Led

We have been enjoying the Christmas home corner this week. We are all very excited about our nativity and have been working very hard to show you all an amazing performance.

### BEST IDEA FOR AN IMAGINARY GIFT

A table that will replace your cup of tea whenever you need it!

### QUOTE OF THE WEEK

"We don't stop playing because we grow old... we grow old because we stop playing."

- George Bernard Shaw

## ACTIVITIES

### Exploring Nature

This week the children have been excited about the weather and what it is like in Winter.

### Home learning

Please share lovely stories linked to Christmas with your children. Maths please look at the repeating patterns on your wrapping paper.
